

Crimp Sleeve

End Detonating Device

These sleeves are designed to be used only with PetroDet products.

To be used to crimp detonation cord to the end of the detonator.

Designed for end to end detonation.
Works with PetroDet E54, PetroDet E66,
PetroDet E42, PetroDet E42T5, PetroDet E36VS,
PetroDet E33 detonators.

1. Insert RJC detonator into the 8mm end and crimp
2. Insert detonator cord into 6mm end and crimp.

Use appropriate crimper such as the Owen crimper.
